### **Growth Spawns Conco Services Corporation to Move to a New Location in Texas**

LaPorte, TX – May 16, 2017 – Conco Services Corporation recently moved its Texas Industrial Division into a larger facility. The move was the result of Conco’s continued success and is intended to satisfy the increase in customer demand. As the company doubled the size of its service crews and equipment trailer fleet, the previous space could no longer serve Conco’s needs.

Conco’s Industrial Division now has its Texas location at 3201 Awesome Lane in LaPorte. It increased the size of the facility from the previous space by 135%. Conco will now be better prepared to service its customers’ heat exchanger cleaning and testing needs. Additional in-house services will also be provided at the Awesome Lane facility.

A Grand Opening celebration will be held on Thursday, June 15, 2017, inclusive of a Meet-and-Greet, a networking session and live heat exchanger cleaning demonstrations including a Hands-free Services Demonstration. Guests can enjoy food, drinks and music.

###

Founded in 1923, Conco is the world’s leading provider of condenser and heat exchanger services to the power generation industry with offices located in the US, Europe and Asia Pacific.
