

C3X Tube Cleaner

Product Name:
C3X “Hex” Tube Cleaners

Part Number:
Refer to Conco Standard Size Chart for C3X

Application:
For condensers and heat exchangers with straight tubes, the C3X tube cleaner are effective on all types of deposits and tube materials. They are designed to be most effective on thin tenacious deposits such as manganese, silica, iron and calcium. Also effective for removing corrosion product and other types of debris and obstructions.

- Description:**
- Safe, water powered tube cleaner, do not use air pressure.
 - Metal cleaner, hexagon blade design, available in two or three stages (blades), six contact points per blade.
 - A TruFit® technology cleaner.
 - Spring loaded, manufactured to tube specification.
 - Color-coded heads to distinguish size.
 - Size: 3/4”, 7/8”, 1”, 1-1/8” and 1-1/4” O.D. in all BWG’s.

Storage Information:
Store in cool, dry area.
Discard after use.

Auxiliary Equipment Required:
Conco Model 200B Pump System complete with water guns, nozzles, and hose.

Determination of Quantity:
The C3X tube cleaner can be used 8-12 shots each depending on the severity of fouling. Simply divide the number of tubes to be cleaned by the anticipated life. To clean multiple units or increase the overall speed of the job, use 25 percent of the total number of tubes to be cleaned.
